### DETAILED ACTION

#### *Response to Amendment*

1. The Examiner has carefully considered Applicant's amendments and accompanying remarks filed on 06/19/2003. Applicant's amendment to claim 1 has been entered. Despite these advances, the amendments are not found to patently distinguish the claims over the prior art and do not overcome the rejection made under 35 U.S.C. § 103 (a), in paragraph 9 of the previous office action, and are thus maintained. Applicant's arguments are not found to be persuasive in terms of patentability and thus the action is as follows:

#### *Response to Arguments*

2. Applicant's arguments filed with Amendment dated 06/19/2003 has been fully considered but they are not persuasive. Applicant traverses the rejection made under 35 USC § 103 (a), in paragraph 9 of the previous office action issued to Mirous (USPN 5,518,586) in view of Marzocchi (USPN 3,865,682). Applicant's first traversal asserts that the teachings of Mirous in view of Marzocchi do not anticipate the present claims. Applicant is correct in their deduction, they do not anticipate the claims. A combination rejection was provided that renders the cited art obvious in combination to arrive at Applicant's claimed invention.

Applicant's only other traversal is that the fibers are pulled out and not torn. How would a skilled artisan be able to tell the difference once the final product was provided? Applicant's arguments that their invention starts where Mirous and Marzocchi left off is still found to be unconvincing and thus the rejection is maintained. Therefore, in lieu of the Examiner's rebuttal Applicant's arguments are found to be unconvincing.

#### *Claim Rejections - 35 USC § 103*

3. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

4. Claims 1, 2 and 4-8 are rejected under 35 U.S.C. 103(a) as being anticipated by Mirous in view of Marzocchi as set forth in paragraph 9 of the last office action.

#### *Conclusion*

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action

Art Unit: 1771

and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
